

ADDENDUM  
CITY OF PELHAM, ALABAMA  
CONTRACT INSTRUCTIONS TO BIDDERS  
RESIDENTIAL GARBAGE AND RELATED SERVICES

**IX. BASIS OF PROPOSAL**

Proposals for garbage collection, recycling services and related services shall be based on a monthly per unit rate for the following frequencies of collection unless otherwise stated.

NOTE: Recycling shall be bi-weekly, curbside service only at no additional cost.

Garbage Residential I:	One (1) container; One (1) time per week curbside
Garbage Residential II:	Two (2) containers; One (1) time per week curbside
Garbage Residential III:	No container; One (1) time per week at rear of residence.
City Facilities:	No Charge

Proposals shall state unit prices separately for single-family residences. The rate as written out in words in the Proposal shall govern and any errors found will be corrected. The City of Pelham shall also require service to city facilities (See attached List of City Facilities) as stated in the contract and listed on the proposal form.

ADDENDUM  
AGREEMENT FOR GARBAGE COLLECTION  
FOR PELHAM, ALABAMA

IV. COLLECTION SERVICE AND APPROVED CONTAINERS

d. Recyclable Materials - The Contractor shall collect recyclable materials defined as aluminum, plastics and newspapers located at the curbside only of each residence, excluding apartments, condominiums and trailer parks, in the City. The recyclable materials may be commingled at curbside and shall be placed in sixty-four (64) gallon containers of a different, uniform color from the garbage containers, with wheels and lids supplied by the Contractor. Recyclable materials shall be collected as commingled and later sorted and separated at a facility designed specifically for that purpose. Funds from the sale of said material shall be retained by the Contractor. The Contractor shall collect such materials bi-weekly, Monday through Friday, twenty-six (26) weeks per year. Recyclables should be picked up in enclosed trucks designed specifically for recycling. Trailers are not acceptable. The Contractor will provide curbside recycling at no additional cost to the Customer. The Contractor, pursuant to this Contract, shall be responsible for transporting all recyclable materials to central processing facilities where all materials will be recycled. All proceeds from the sale of the materials shall be the property of the Contractor. The Contractor shall report monthly to the Public Works Department the tonnage of recyclables, which are collected and disposed. Recyclables will not be taken to any landfill under any circumstance.

VI. MONTHLY GARBAGE SERVICE RATES ARE TO INCLUDE BI-WEEKLY CURB SIDE RECYCLING SERVICES

Residential I Service	_____	per month collection fee
Residential II Service	_____	per month collection fee
Residential III Service	_____	per month collection fee

VII. CURBSIDE RECYCLING SERVICE

Bi-Weekly recycling services fees are included in the monthly garbage service rates.
